

GET THE EQUIPMENT BUYING HISTORY OF WORLD OF ASPHALT ATTENDEES

Equipment Data Associates and the **Association of Equipment Manufacturers** have teamed up to offer World of Asphalt exhibitors an unprecedented look inside the purchasing habits (UCC filings) of equipment buyers attending the show.

With this powerful information you can:

- Search for buyers of specific brands and types of equipment.
- Market directly to highly-qualified buyers before, during, and after the show.
- Prepare your sales staff for key prospects.
- Determine buying cycles and machines that may be coming off lease.
- Identify organizations that recently refinanced their machines and have cash.
- Review brand loyalty.

EDA's unique BUYER ID is embedded in the attendee registration. This BUYER ID becomes your key to accessing all available UCC activity.
